4. List of activities undertaken:

**a) World Hearing Day:**

03 March 2023: The theme for World Hearing Day 2023 was "Hearing Care for All". This theme emphasizes the need for access to hearing care for all people, regardless of their age, gender, or socioeconomic status. It aims to promote the importance of early detection and intervention for hearing loss and the provision of affordable and accessible hearing care services. On this day, staff of A.P Science Centre came together to raise awareness about hearing health and the impact of hearing loss. They shared information about the importance of regular hearing screenings and the benefits of early detection and treatment. Many organizations and healthcare providers also offer free hearing tests and screenings to the public. Total participants: 30

**b) Women's day:**

International Women's Day is celebrated on March 8 every year, and it is a day dedicated to recognizing the social, economic, cultural, and political achievements of women. It is also a day to raise awareness about gender inequality and advocate for women's rights around the world.

The theme for International Women's Day 2023 was "Women's Rights are Human Rights". This theme emphasizes the need to recognize that women's rights are fundamental human rights, and that everyone deserves to be treated with dignity and respect, regardless of their gender.

On this day, staff of Science & Technology department came together to celebrate the achievements of women and advocate for gender equality. Many events and activities were organized to mark the occasion. Total participants: 32

### c) International Water Day

A poster-making competition for class 6-12 students was held on International Water Day. International Water Day is observed every year on March 22 to raise awareness about the importance of freshwater and its sustainable management. The theme for International Water Day 2023 was "Valuing Water". This theme emphasizes the importance of recognizing the true value of water and the critical role it plays in sustainable development. It highlights the need to consider the social, economic, and environmental dimensions of water use, and to work towards equitable and sustainable water management practices. Total participants: 26

#### d) G20 Summit

The G20 Summit provided an important platform for innovators and grassroots entrepreneurs of Innovation Hub for showcasing their innovation on 25 March 2023.

For innovators, the G20 Summit provided an opportunity to connect with policymakers and other stakeholders, and to influence policy decisions related to innovation and entrepreneurship. Many organizations and individuals use the summit as a platform to showcase their innovations and technologies, and to advocate for policies and initiatives that support innovation and economic growth.
